

SAFETY DATA SHEET

# MicroPRefs® Polyethylene terephthalate tablet (50-300 µm)

#### **SECTION 1: Identification**

1.1. Product identifier

#### Trade name

MicroPRefs® Polyethylene terephthalate tablet (50-300 μm) Product no.

15247.X-50/300-TAB

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses of the substance or mixture

Laboratory use

Restricted to professional users. Uses advised against

None known.

1.3. Details of the supplier of the safety data sheet

### Company and address

Chiron AS Arkitekt Ebbells veg 22, Bygg-D N-7041 TRONDHEIM Contact person

Solveig Bye Hauge

E-mail

SDS Version 1.0

1.0

1.4. Emergency telephone number Contact the poison control at 1-800-222-1222 (24/7) or use the webPOISONCONTROL® (triage.webpoisoncontrol.org) to get specific guidance for your case See also section 4 "First aid measures".

SECTION 2: Hazard(s) identification

#### **OSHA/HCS** status

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

## 2.1. Classification of the substance or mixture

Eye Irrit. 2; H319, Causes serious eye irritation.

## 2.2. Label elements

Hazard pictogram(s)

Signal word Warning Hazard statement(s) Causes serious eye irritation. (H319) Precautionary statement(s) General

#### Prevention

Wear eye protection/protective gloves/protective clothing. (P280)

#### Response

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. (P305+P351+P338)

If eye irritation persists: Get medical advice/attention. (P337+P313)

Storage

Disposal

-

Additional labelling

#### Not applicable. 2.3. Other hazards

## Additional warnings

This mixture/product does not contain any substances known to fulfil the criteria for PBT and vPvB classification.

#### SECTION 3: Composition/Information on Ingredients

#### 3.1. Substances

Not applicable. This product is a mixture.

#### 3.2. Mixtures

| Product/substance                                     | Identifiers           | % w/w  | Classification                        | Note |

Where the concentration of an ingredient is expressed as a range the exact concentration has been withheld as a trade secret.

See full text of H-phrases in section 16. Occupational exposure limits are listed in section 8, if these are available.

#### Other information

#### SECTION 4: First-aid measures

#### 4.1. Description of first aid measures

#### **General** information

If breathing is irregular, drowsiness, loss of consciousness or cramps: Call 911 and give immediate treatment (first aid).

Contact a doctor if in doubt about the injured person's condition or if the symptoms persist. Never give an unconscious person water or other drink.

#### Inhalation

Upon breathing difficulties or irritation of the respiratory tract: Bring the person into fresh air and stay with him/her.

#### Skin contact

Upon irritation: rinse with water. In the event of continued irritation, seek medical assistance.

#### Eye contact

If in eyes: Flush eyes immediately with plenty of water or isotonic water (20-30 °C) for at least 5 minutes and

continue until irritation stops. Remove contact lenses. Make sure to flush under upper and lower eyelids. If irritation continues, contact a doctor. Continue flushing during transport.

#### Ingestion

If the person is conscious, rinse the mouth with water and stay with the person. Never give the person anything to drink.

In case of malaise, seek medical advice immediately and bring the safety data sheet or label from the product. Do not induce vomiting, unless recommended by the doctor. Have the person lean forward with head down to avoid inhalation of or choking on vomited material.

**Burns** 

Not applicable.

#### 4.2. Most important symptoms and effects, both acute and delayed

Irritation effects: This product contains substances, which may cause irritation upon exposure to skin, eyes or lungs. Exposure may result in an increased absorption potential of other hazardous substances at the area of exposure.

## 4.3. Indication of any immediate medical attention and special treatment needed

If eye irritation persists: Get medical advice/attention.

## Information to medics

Bring this safety data sheet or the label from this product.

#### SECTION 5: Fire-fighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media: Alcohol-resistant foam, carbon dioxide, powder, water mist. Unsuitable extinguishing media: Waterjets should not be used, since they can spread the fire.

## 5.2. Special hazards arising from the substance or mixture

Fire will result in dense smoke. Exposure to combustion products may harm your health. Closed containers, which are exposed to fire, should be cooled with water. Do not allow fire-extinguishing water to enter the sewage system and nearby surface waters.

If the product is exposed to high temperatures, e.g. in the event of fire, dangerous decomposition compounds are produced. These are:

Carbon oxides (CO / CO2) Some metal oxides

## 5.3. Advice for firefighters

Wear self-contained breathing apparatus and protective clothing to prevent contact. Upon direct exposure contact the Poison Help Line on 1-800-222-1222 (24/7) in order to obtain further advice.

SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures Contaminated areas may be slippery.

#### 6.2. Environmental precautions

Avoid discharge to lakes, streams, sewers, etc. Keep unauthorized persons away from the spill

#### 6.3. Methods and material for containment and cleaning up

Limit spillage and collect using granular absorbent or similar materials, and dispose of it in accordance with the regulations on dangerous waste.

Limit spillage, sweep up and shovel into appropriate containers for disposal. Store in suitable, closed containers for disposal.

Wherever possible cleaning should be performed with normal cleaning agents. Avoid use of solvents.

#### 6.4. Reference to other sections

See section 13 "Disposal considerations" on handling of waste.

See section 8 "Exposure controls/personal protection" for protective measures.

SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Smoking, drinking and consumption of food is not allowed in the work area.

See section 8 "Exposure controls/personal protection" for information on personal protection.

7.2. Conditions for safe storage, including any incompatibilities

| Recommended storage material<br>Keep only in original packaging.<br>Storage temperature<br>Dry, cool and well ventilated<br>Protect from moisture.<br>Protect from sunlight.<br>Room temperature 15 to 25°C<br>Incompatible materials<br>Plastic<br>7.3. Specific end use(s)<br>This product should only be used for applications quoted in section 1.2.   |
|--|
| SECTION 8: Exposure controls/personal protection   |
| <ul> <li>8.1. Control parameters <ul> <li>No substances are listed with a permissible exposure limit (ref: 29 CFR 1910.1000 TABLE Z-1)</li> </ul> </li> <li>8.2. Exposure controls <ul> <li>Apply general control to prevent unnecessary exposure</li> <li>General recommendations <ul> <li>Smoking, drinking and consumption of food is not allowed in the work area.</li> </ul> </li> <li>Exposure scenarios <ul> <li>There are no exposure scenarios implemented for this product.</li> </ul> </li> <li>Exposure limits <ul> <li>Occupational exposure limits have not been defined for the substances in this product.</li> </ul> </li> <li>Apply standard precautions during use of the product. Avoid inhalation of gas or dust.</li> <li>Hygiene measures <ul> <li>In between use of the product and at the end of the working day all exposed areas of the body must be washed thoroughly. Pay special attention to hands, forearms and face.</li> </ul> </li> </ul></li></ul> |
| No specific requirements.<br>Individual protection measures, such as personal protective equipment   |

## Generally

Use only protective equipment with a recognized certification mark, e.g. the UL mark.

| 9.2. Other information                                     |
|  |

Evaporation rate (n-butylacetate = 100) No data available Other physical and chemical parameters No data available. Oxidizing properties No data available

SECTION 10: Stability and reactivity

## 10.1. Reactivity

No data available.

## 10.2. Chemical stability

The product is stable under the conditions, noted in section 7 "Handling and storage".

- 10.3. Possibility of hazardous reactions
- None known.

#### 10.4. Conditions to avoid Moisture

Storage in the open is not recommended.

10.5. Incompatible materials

#### Plastic

10.6. Hazardous decomposition products

The product is not degraded when used as specified in section 1.

SECTION 11: Toxicological information

## Aspiration hazard

Based on available data, the classification criteria are not met.

## Long term effects

Irritation effects: This product contains substances, which may cause irritation upon exposure to skin, eyes or lungs. Exposure may result in an increased absorption potential of other hazardous substances at the area of exposure. Other information

#### None known.

\* Packing group

\*\* Environmental hazards

Additional information

Not dangerous goods according to DOT, IATA and IMDG.

14.6. Special precautions for user

Not applicable.

14.7. Transport in bulk according to Annex II of Marpol and the IBC Code No data available.

SECTION 15: Regulatory information

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.2. U.S. Federal regulations

TSCA (the non-confidential portion) Citric acid is listed

Benzoic acid is listed **Clean Air Act** None of the components are listed **EPCRA Section 302** None of the components are listed **EPCRA Section 304** None of the components are listed **EPCRA** section 313 None of the components are listed **CFRCLA** None of the components are listed State regulations California / Prop. 65 None of the components are listed Massachusetts / Right To Know Act None of the components are listed New Jersey / Right To Know Act None of the components are listed New York / Right To Know Act None of the components are listed Pennsylvania / Right To Know Act None of the components are listed 15.4. Restrictions for application Restricted to professional users. 15.5. Demands for specific education No specific requirements. 15.6. Additional information Not applicable. 15.7. Chemical safety assessment No 15.8. Sources OSHA Hazard Communication Standard (29 CFR 1910.1200) SECTION 16: Other information Full text of H-phrases as mentioned in section 3 H319, Causes serious eye irritation. H335, May cause respiratory irritation. H373, May cause damage to organs through prolonged or repeated exposure. The full text of identified uses as mentioned in section 1 None known. Abbreviations and acronyms ACGIH = American Conference of Governmental Industrial Hygienists ADN = European Provisions concerning the International Carriage of Dangerous Goods by Inland Waterway ADR = The European Agreement concerning the International Carriage of Dangerous Goods by Road ATE = Acute Toxicity Estimate BCF = Bioconcentration Factor CAS = Chemical Abstracts Service CERCLA = Comprehensive Environmental Response Compensation and Liability Act DOT = Department of Transportation EINECS = European Inventory of Existing Commercial chemical Substances EPCRA = Emergency Planning and Community Right-To-Know Act GHS = Globally Harmonized System of Classification and Labelling of Chemicals HCIS = Hazardous Chemical Information System HNOC = Hazards Not Otherwise Classified IARC = International Agency for Research on Cancer IATA = International Air Transport Association IMDG = International Maritime Dangerous Goods LogPow = logarithm of the octanol/water partition coefficient

MARPOL = International Convention for the Prevention of Pollution From Ships, 1973 as modified by the Protocol of 1978. ("Marpol" = marine pollution)

NFPA = National Fire Protection Association

NIOSH = National Institute for Occupational Safety and Health

OECD = Organisation for Economic Co-operation and Development

OSHA = Occupational Safety and Health Administration

PBT = Persistent, Bioaccumulative and Toxic

RCRA = Resource Conservation and Recovery Act

RID = The Regulations concerning the International Carriage of Dangerous Goods by Rail

RRN = REACH Registration Number

SARA = Superfund Amendments and Reauthorization Act

SCL = A specific concentration limit.

STEL = Short-term exposure limits

STOT-RE = Specific Target Organ Toxicity - Repeated Exposure

STOT-SE = Specific Target Organ Toxicity - Single Exposure

TSCA = The Toxic Substances Control Act

TWA = Time weighted average

UN = United Nations

UVBC = Unknown or variable composition, complex reaction products or of biological materials

VOC = Volatile Organic Compound

vPvB = Very Persistent and Very Bioaccumulative

### Additional information

The classification of the mixture in regard of health hazards is in accordance with the calculation methods given by HCS (29 CFR 1910.1200).

#### The safety data sheet is validated by

Stine Rapp

## Other

A change (in proportion to the last essential change (first cipher in SDS version, see section 1)) is marked with a triangle.

The information in this safety data sheet applies only to this specific product (mentioned in section 1) and is not necessarily correct for use with other chemicals/products.

It is recommended to hand over this safety data sheet to the actual user of the product. Information in this safety data sheet cannot be used as a product specification.
